

KS3/4 Reports: Head of Faculty / Department

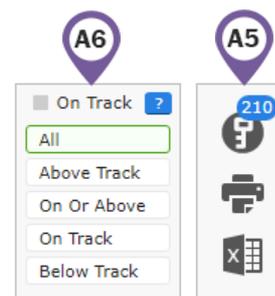

This guide aims to explain KS3/4 report views and functionality that may be useful for Heads of Faculty. If you're not able to view any of the features within this guide, feel free to get in touch with a Sisra Administrator at your school. For more information on the KS3/4 reports, feel free to take a look in **HELP > Analysing KS3/4 Reports**.

Accessing the Reports

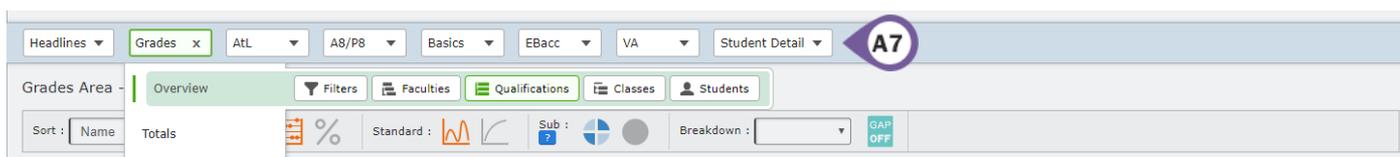

1. Go to **REPORTS > KS3/4 tab > select year (A1) > select data set (A2)**. Click 'Take me to the Reports' (A3) > 'Qualifications' (A4).

2. At any time within a report, you can view the Key Characteristics of a group, print or export to Excel (A5). You can also filter students by Above/On/Below Track, using the options on the right (A6).

3. Use the blue navigation bar (A7) to switch to a different area, report or level.

Throughout this guide you may find column headers that may appear differently in your reports, depending on how these have been setup by an admin at your school. These are:

***EAP columns:** EAP columns headers can be renamed to reflect the type of grades associated to these calculations. If this has been renamed by a Sisra admin at your school, the text will be highlighted **blue**.

****Data Collaboration Features:** Additional columns will be available within reports that have been published using Data Collaboration features, for example, Subject Progress Index, SPI Charts, etc. These are calculated using the data from all opted in schools within a Sisra Data Collaboration event published by your Sisra Administrator and will be shown in light blue columns. If your school has not opted into this, these columns will not be available.
